

Movies & Sports

The Double Eagle Elite Plus 4 Golf simulator doubles as an amazing entertainment system. Watch a sports event, a DVD movie or play your favorite PC game. The 14-foot diagonal screen will have you believing you are part of the action. Integrated ports on the tower console allow you to connect most video devices including DVD players and video game consoles. Imagine watching your favorite sports event or your favorite TV program on this massive screen. Amazing clarity and beautiful colors provided by an LCD projection system enhance the projected images and your viewing experience to the point that you will feel like you are right there, on the course or in the movies.

Video Games

Integrated ports on the tower console will allow you to connect your own video game consoles. The huge screen that makes games come to life will blow you away. Network the games or play against the computer. This amazing 14-foot screen is so big you'll feel like you are in the game. To add to your fun, hook up to the Internet and browse as if you are in your favorite store.

Eagle Eye Shooting

The optional Eagle Eye Shooting simulator will entertain the most avid hunter or your entire party. Multiple players can enjoy this fun game at the same time by firing the supplied laser firing pistols or rifles at the projected screen. There are 18 different games to choose from this challenging and fun system. It's a real crowd pleaser!
